

2023 Chardonnay

El Dorado

The 2023 El Dorado Chardonnay showcases a vibrant and elegant profile, capturing the essence of its high-elevation terroir. Aromas of quince and fresh green apple blend seamlessly with the delightful scent of a brioche bun and lemon cream pastry. Floral notes of jasmine and toyon flowers, accompanied by a faint hint of honeysuckle, add layers of complexity, while flint and wet stone provide a subtle, intriguing minerality.

On the palate, this Chardonnay is bright and unctuous, with stone fruit flavors that harmonize beautifully with floral undertones. A light hint of oak on the finish rounds out the experience, leaving a lasting impression of refined elegance. Perfect for sipping on its own or pairing with a variety of dishes, this wine is ready to enjoy now through 2028.
